CARP Halton Chapter Goals

1. To stimulate our members to take more interest in our local Chapter through regular communications with them and by soliciting their ideas and feedback.
2. Liaise with other similar organizations and to mutually promote our common interests.
3. Develop and promote a Halton based benefits program for CARP members
4. To help promote an active life style
5. To advocate as and when necessary with Municipal Governments for senior issues in Halton.

To do this we will:

Organize monthly meetings across Halton Region that provides the opportunity for members.

- to meet at the local level and be informed on topics of interest through the expertise of informative speakers
- to be informed of CARP activities at the Local and National level
- to express their ideas on what they would like the Halton Chapter to do on their behalf
- to feel that they belong to a worthwhile organization that represents their interest.
