

Quebec Curriculum Connections

RBG Virtual Field Trips	Cycle	Science and Technology: Living Things
Creatures with Wings and Crawly Things* Insects in Winter	Cycle 1	Learnings: Living Things
	Cycle 2	Matter: Characteristics of Living Things
	Cycle 3	Systems and Interaction: Interaction between living organisms and their environment
Plant Parts and Pumpkins	Cycle 1 Cycle 2	Learnings: Living Things Matter: Characteristics of Living Things
Good Things come in Trees Chocolate: From Treasure to Treat Healing Plants	Cycle 2 Cycle 3	Matter: Organization of Living Things Systems and Interaction: Interaction between human beings and their environment
	Secondary IV	Ecology
Seeds on the Go*	Cycle 2 Cycle 3	Matter: Characteristics of Living Things Systems and Interaction: Interaction between living organisms and their environment
	Secondary I and II	Living World: Survival of Species
Growing Seeds*	Cycle 2 Cycle 3	Matter: Characteristics of Living Things Systems and Interaction: Interaction between living organisms and their environment
	Secondary I and II	Living World: Survival of Species
Plant Adaptations: Mediterranean Biome	Cycle 3	Matter: Characteristics of Living Things Systems and Interaction: Interaction between living organisms and their environment
	Secondary I and II Secondary IV	Living World: Diversity of Life Forms Earth and Space: Climate zones Ecology
Plant Adaptations: Wetland Plants	Cycle 3	Matter: Characteristics of Living Things Systems and Interaction: Interaction between living organisms and their environment
	Secondary I and II Secondary IV	Living World: Diversity of Life Forms Ecology
Wetland Ways	Cycle 3	Matter: Characteristics of Living Things Systems and Interaction: Interaction between living organisms and their environment
Human Impacts on Ecosystems*	Secondary I and II	Living World: Diversity of Life Forms
Species at Risk	Secondary I and II	Living World: Diversity of Life Forms Survival of Species
Photosynthesis	Secondary I and II	Living World: Diversity of Life Forms Survival of Species
Plant Diversity	Secondary I and II	Living World: Diversity of Life Forms
Organic Gardening/Farming	Secondary I and II Secondary IV and V	The Earth and Space: General characteristics of Earth; Lithosphere
Teacher Workshop: Introduction to Videoconferencing		

* **French** versions of these programs available for 2014!!

Royal Botanical Gardens videoconferencing programs are sponsored by:
