

Year	Key Stage: National Curriculum	Virtual Field Trip Program with Royal Botanical Gardens
Reception and 1	1: Sc2: Life Processes and living things: Variation and Classification 4a, 4b; Living things in their environment 5a	Creatures with Wings and Crawly Things Plant Parts and Pumpkins (or peas depending on the time of year)
2	1: Sc2: Life Processes and living things: Variation and Classification 4a, 4b; Living things in their environment 5a	Creatures with Wings and Crawly Things      Insects in Winter Plant Parts and Pumpkins (or peas depending on the time of year)
3	2: Sc2: Life processes and living things: Life processes 1c; Green plants: Reproduction 3d; Living things in their environment: Adaptation 5b, 5c	Creatures with Wings and Crawly Things      Insects in Winter Pollination Partners      Seeds on the Go      Growing Seeds Wetland Ways      Plant Parts and Pumpkins (or peas depending on the time of year)
4	2: Sc2: Life processes and living things: Life processes 1c; Green plants: Reproduction 3d; Living things in their environment: Adaptation 5b, 5c; Feeding relationships 5e	Good Things Come in Trees      Chocolate: From Treasure to Treat Pollination Partners      Seeds on the Go      Growing Seeds
5	2: Sc2: Life processes and living things: Life processes 1c; Green plants: Reproduction 3d; Living things in their environment: Adaptation 5b, 5c; Feeding relationships 5e	Good Things Come in Trees      Chocolate: From Treasure to Treat Pollination Partners      Seeds on the Go      Growing Seeds Wetland Ways      Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants
6	2: Sc2: Life processes and living things: Life processes 1c; Green plants: Reproduction 3d; Living things in their environment: Adaptation 5b, 5c; Feeding relationships 5e	Good Things Come in Trees      Chocolate: From Treasure to Treat Pollination Partners      Wetland Ways      Species at Risk Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants
7	3: Sc2: Life processes and living things: Green plants as organisms: Nutrition and growth 3a; Living things in their environment: Adaptation and competition 5a, 5b, 5c, 5d	Pollination Partners      Species at Risk Wetland Ways      Human Impact on Ecosystems Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants
8	3: Sc2: Life processes and living things: Green plants as organisms: Nutrition and growth 3a; Living things in their environment: Adaptation and competition 5a, 5b, 5c, 5d	Pollination Partners      Species at Risk Wetland Ways      Human Impact on Ecosystems Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants
9	3: Sc2: Life processes and living things: Green plants as organisms: Nutrition and growth 3a; Living things in their environment: Adaptation and competition 5a, 5b, 5c, 5d	Pollination Partners      Species at Risk Wetland Ways      Human Impact on Ecosystems Photosynthesis      Organic Gardening Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants
10	4: Organisms and health 5a, 5e; Environment, Earth and universe 8a	Photosynthesis      Good Things Come in Trees      Healing Plants Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants      Organic Gardening Human Impacts on Ecosystems: Wetlands      Species at Risk
11	4: Organisms and health 5a, 5e; Environment, Earth and universe 8a	Photosynthesis      Good Things Come in Trees      Healing Plants Plant Adaptations: Mediterranean Biome <u>or</u> Wetland Plants      Organic Gardening Human Impacts on Ecosystems: Wetlands      Species at Risk
